## THE DAY OF science

### The 1-Hour Stage Show

The Amazing Chemistry Show is a 32-foot stage production filled with fire, explosions and foam, all set to music. With audience involvement, laughter and fun, the science message communicated using powerful demonstrations is clearly communicated using powerful illustrations. [Learn More](#)

Teachers rave about this all day experience. "It was better than any field trip we have taken. It was like the field trip came to us! All the materials were provided to us and we (the teachers) just did science WITH the kids. I loved it! The kids loved it!" [Watch a Success Story!](#)

### The Day of Science

A series of highly engaging science experiences for schools, where hands-on, inquiry-based scientific exploration captures the hearts and minds of students without leaving the building. Students rotate through a well-defined and seamless day of S.T.E.M. engagement and all the materials are provided! [Learn More](#)

Josh Denhart is a seasoned educator with a degree in Chemistry Education, a Masters in Effective Instruction and earned National Board Certification in Young Adult/Adolescent Science. Josh is a school consultant for S.T.E.M. learning and classroom science instruction.
