

"Share" Science Devotionals

Devotional #2 "Fire Extinguisher Devotion" – 20 minutes

"Don't Quench the Spirit" – Kids and leaders get a first row seat of a captivatingly visual Science Devotion. The unexpected transpires. The invisible affects the visible. A notable correlation drives home, "Don't be rude with your attitude". This Science Devotion is highly memorable and a striking standout among all the devotionals of the week. The lessons of this Science Devotion refer heavily upon 2nd Peter 1:20-21 & Acts 4:12.

Each small group of 8-10 children will need:

- Candles (Item is reused.)
 - Sodium Bicarbonate (baking soda)
 - Acetic Acid (vinegar)
 - Long Metal or Plastic Ramp
 - Matches
 - Beaker, Flask or Cup
- * = Indicates special item to be purchased*

Tips for Success:

Recommendation: Do not do this demonstration where a ceiling fan is in operation. Make sure the room does not have a draft or your ability to put out the candle with Carbon Dioxide will be greatly diminished.

Ready –

#1 – Getting Organized: To successfully organize your devotional materials, consider purchasing and gathering all the needed materials for the Science Devotional lessons and placing all 10 items into a plastic tub. Allow your small group leaders to check out a tub of the 10 science items, preview the contents, and become familiar with how each Science Devotional lesson works prior to the week of your program.

#2 – Science Devotional Items to Purchase – Each Science Devotional requires special items you'll need to order.
