

Science Devotional Leader

Ready -

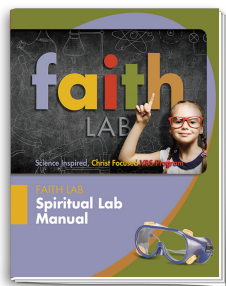

#1 – Getting Organized: To successfully organize your devotional materials, consider purchasing and gathering all the items needed for the Science Devotional lessons and placing all items into a plastic tub. Allow your small group leaders to check out a tub of the science items, preview the contents, and become familiar with how each Science Devotional lesson works prior to the week of your program.

#2 – Science Devotional Items to Purchase: Each Science Devotional requires special items you'll need to order.

Powerfully Invisible - Science Devotion - Almighty

Bringing You Up to Speed:

- Refer to the Spiritual Lab Manual for additional information.
- Watch the Science Devotional Closing Video "Powerfully Invisible" to see the experiment in action and learn how to set up your devotion room for small groups to move through your rotation.

You Will Need:

- 1 assembled Airzooka*
- 6 Styrofoam Cups or Dixie Cups
- 4 Candles and Stands
- Matches

* Indicates specialty item to be ordered

Tips for Success:

- **SAFETY FIRST** - **Be cautious using any type of open flame** Candles are fun to see snuffed out by an Airzooka but be safe with the flame and hot wax!
- Follow all instructions included in the purchased Airzooka kit.
- Take time practicing and aiming.
- The Styrofoam cups can be replaced by having volunteers hold lit candles out to the side.

Tips for Science Devotional Leader:

- In each rotation, you may have 3-4 small groups. It is possible for each group to have an Airzooka in their small group. Each group would use their own Airzooka and leave it in the room once their devotion time is complete. The next set of kids rotating into this room would then use the Airzooka in their small group. (In other words, you DO NOT need to buy one Airzooka for each and every small group ministry wide! Buy enough to serve the number of small groups in the actual room during one rotation.)
- **COST SAVER** – It is possible for this activity to be performed as a large group activity with several small groups watching and taking turns exploring the Airzooka.
