

## Supply List for Science Projects

Consider creating a simple “Faith Lab @ Home” supply kit. While most families will have these items at home, you can provide these supplies and make it simple to succeed. Once you have gathered the items, place them into a container with the project titles and items for each project in the bag. Set up a pick up time at the church or personally deliver the supplies.

### **Project #1 – The Egg Drop Challenge:**

- 1 egg
- 4 cotton balls
- 2 paper or foam cups
- 4 paper clips
- 2 feet of masking tape
- 4” x 4” cardboard square
- 4 rubber bands
- 4” x 4” bubble wrap square

### **Project #2 – Tower of Power**

- Dry Spaghetti
- 1 Bag of Mini Marshmallows
- 1 Large Marshmallow

### **Project #3 – Tower of Power**

- Aluminum or Tin Foil
- Coins, Marbles or Rocks

### **Project #4 – Tower of Power**

- 90-100 Straws
- Masking Tap

### **Project #5 – Taking Flight (Paper Airplanes)**

- Paper Airplanes Printed Front and Back
