

# elements OF TRUST

## Science-Inspired, Christ-Focused, VBS Program

For over 10 years, we have used three different online companies to order science supplies for all our needs. When we created the Science VBS programs, we decided to provide ordering information so you could order direct from the supplier, cut out the middle man, and get the lowest price possible.

Unfortunately, two companies have very unexpectedly gone out of business in recent years.

Below are options for ordering products that are NO LONGER available through the venues we originally recommended in Elements of Trust Science Devotions and Science Projects.

Please don't hesitate to reach out to [josh@kidminscience.com](mailto:josh@kidminscience.com) with any questions.

### **Day 1 – Trust**

#### **“Your Sin Separates You From Your God” Red Oil**

Email [josh@kidminscience.com](mailto:josh@kidminscience.com) with your name, mailing address and VBS dates, and we will mail Enviro Bon 403 to you.

### **Day 2 – Receive**

#### **“Changed in an Instant” Think Ink Reaction**
