

# “Trials” Science Devotionals

## Devotional #1 “Memory Wire Devotion” – 20 minutes

“Don’t Get Bend Out of Shape!” – This Science Devotion explores an absolutely amazing property that will literally stop you in your tracks. This phenomenon completely defies reason and will make even the most astute sit up and take notice. This amazing demonstration creates fantastic illustration about God’s faithfulness through persecution. Acts 5:29 - Peter and the other apostles replied: “We must obey God rather than human beings!”

### Each small group of 8-10 children will need:

- 4-6 inches of Memory Wire\* (Item can be reused)
- Matches, Blow-Torch, or Boiling Water
- Needle Nose Pliers or Clamps to hold Memory Wire

\* = Indicates special item to be purchased

### Tips for Success:

Memory wire will remain hot for several seconds after it has been returned to its original shape through heating. BE CAUTIONS and do not burn your fingers or the fingers of a child

## Ready –

**#1 – Getting Organized:** To successfully organize your devotional materials, consider purchasing and gathering all the needed materials for the Science Devotional lessons and placing all 10 items into a plastic tub. Allow your small group leaders to check out a tub of the 10 science items, preview the contents, and become familiar with how each Science Devotional lesson works prior to the week of your program.

**#2 – Science Devotional Items to Purchase** – Each Science Devotional requires special items you’ll need to order.
